TAMARACK TRAIL

"Ultimate Guide to Adventure"

OUTDOORS RV
MANUFACTURING

26ORKSS – One of our most popular floorplans in the traditional RV construction...with the trend towards lighter weight tow vehicles it was a natural to build this floorplan in the Tamarack Trail product line. Italian designed tile flooring, durable granite look counter-tops, throw pillows, two tone day & night shades, stainless steel appliances, solid wood raised fridge panels, full extension metal drawer guides and the list goes on...Outdoors RV understands that just because you do not have a tank for a tow vehicle you should not have to sacrifice the creature comforts of other RV's...

ENTERTAINMENT CENTER – Jensen (brand designed for mobile use) LCD TV/DVD/CD Player with built in I-POD holder and hookup...enjoy your favorite movie or music after an incredible day in the Outdoors.

DINETTE – 5 inch dinette cushions and rock solid dinette construction...look underneath our cushions – no thin wafer board here – actual fiberglass wall cut-outs for strength where you need it whether you are enjoying a board game one afternoon or the grand-kids are being tucked into bed...

KITCHEN – One look here and you will say WOW...this picture must be from a high end RV or a very large RV due to the incredible amount of storage spaced packed in here...one of the great features of the RV lifestyle is being able to bring along those favorite foods with you and this is incredible place to enjoy them...

...with one look at the inside of a Tamarack Trail you will see that this is not just a light weight box on wheels. From the stainless steel appliances, two tone day & night shades, and the Italian designed tile flooring...you will see that your camping enjoyment will not be sacrificed just because you do not have a 1 ton truck!

BEDROOM – Two-toned day & night shades, aluminum bed frame, wooden headboard, rain-glass overhead cabinet doors and that all important optional pillow top mattress again show you that this is not just a glorified tent on wheels....

BATHROOM – Brushed Nickel bathroom hardware which includes faucet, towel ring, two towel bars, and a motor home style glass shower enclosure...add in the skylight in the shower and the wooden medicine cabinet and you will feel like you have never left home...

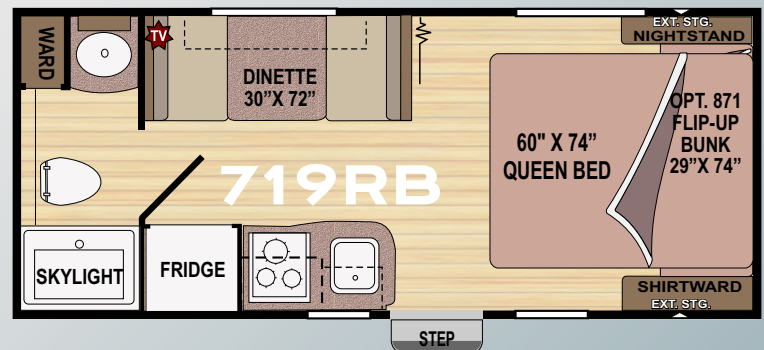

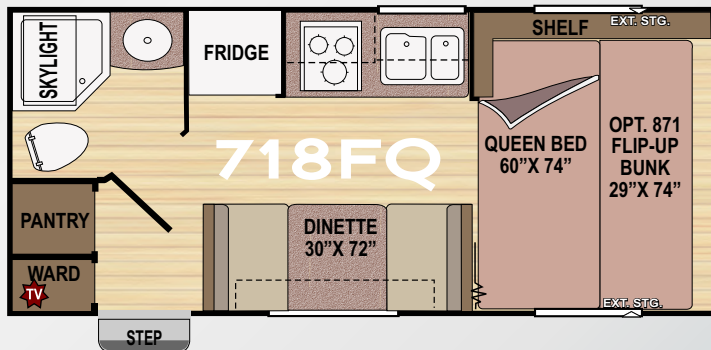

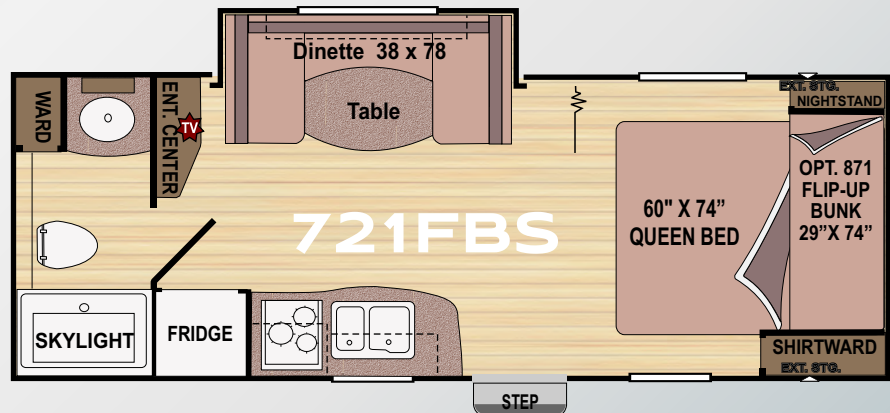

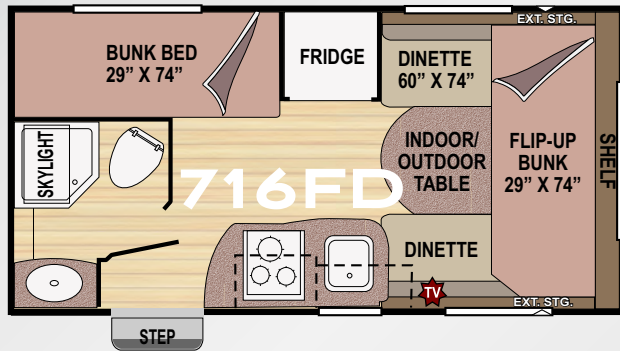

This floorplan weighs in at just over 5000 lbs...notice all the room you have in this light weight package – the sofa here looks like a relaxing place to curl up and read a book or watch your favorite movie...

Welcome to the Outdoors!

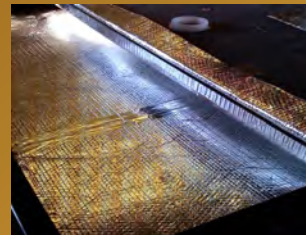

FOUR SEASONS

Available on 260RKSS, 280BHSS & 280RLSS

In a 4 Seasons Outdoors RV, the entire chassis is enclosed from front to back for both insulation and protection from road debris.

We use Astro-foil (R-15) insulation along the entire length of the floor. Plus an additional wrap around the holding tanks

The Industry Camping Standard:

The Industry Standard:
Holding tank dump valves are not enclosed and are exposed to freezing.

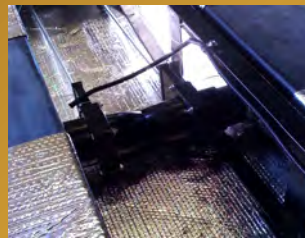

The Industry Standard:
A single layer of insulation.

The Industry Standard:
No insulation in the slide out floors

The Industry Standard:
Cold and Drafty,
Not Designed for Northern Climates

The Outdoors RV Camping Standard:

The Outdoors RV Standard:
Our Dump Valves are located within the Enclosed / Heated underbelly to protect them from freezing.

The Outdoors RV Standard:
Insulation is double layered for added protection

The Outdoors RV Standard:
The entire slide out floor is covered with Astro Foil / R-15 Insulation

The Outdoors RV Standard:
Warm in the Winter and Cool in the Summer,
Perfect for colder Northern US and Canadian climates.

TAMARACK TRAIL

Situated in a picturesque mountain valley of Eastern Oregon a new RV company is born. The focus of this company is to design RV's for the NW and Western Canada, merchandise the products with a hand selected group of dealers with the end goal of having our customers enjoy an Outdoor experience like no other.

The NW and Western Canada will be the targeted area for the products produced here. This area has an incredible percentage of people that enjoy the RV lifestyle and why wouldn't they with the Outdoors right outside most people's backdoor. Our goal is not to be the largest manufacturer in the country nor follow market share graphs. We simply want to design and build great RV's. The management team for this new RV company has over 160 years of combined RV experience.

Here are a few examples:

Jim Croxton – General Manager (25 Years)
Darin Nelson – Sales Manager/US Sales (16 Years)
Rod Glass – Canadian Sales Manager (23 Years)
Robin Larsen – Training/Sales (15 Years)
Rick Ewing – Service Manager (30 Years)
Terry Fischer – Production Manager (29 Years)
Henry Quint – Purchasing Manager (20 Years)
Rick Hudson – Asst Production Manager (25 Years)
Karen Evans – Sales Administrator (7 Years)

We look forward to producing an excellent product for you and your family to use in the Outdoors – please feel free to visit us anytime – we would love to meet you!
