27ORLDS - What a great place to sit back and relax. The two opposing slides make the living space feel huge. Comfortable sleeper sofa with family sized U-shaped dinette, large rear picture window and a 32" 12v LED HD TV that powers up and down into the cabinet behind the optional fireplace - now this is how one should enjoy the "Outdoors".

KITCHEN STORAGE - 22" glass front sealed burner range, pot & pan drawer, XL fridge (20% more groceries), 11 drawers (count them) with metal full extension guides, full size pantry, and the list goes on...also notice the gourmet kitchen cabinetry and picture window...no more bending down to look out the window...the reason we all go camping is to enjoy the Outdoors and now while preparing meals for the family the Outdoors is right in front of you!

THE BATHROOM - The WindRiver does not take shortcuts even in here...notice the built-in wood medicine cabinet, bathroom hairdryer, porcelain toilet, glass shower enclosure and even this model has the popular side aisle bathroom with two separate entrances...full function bathroom is an understatement!
